

2026 Cultural Resource Protection Summit

Sponsorship Opportunities & Benefits

NEW in 2026

Thank You to each and every one of our generous Sponsors! We could not have made it to the 19th Annual Summit without your support. In an effort to keep Summit sponsorship and registration prices level despite increasing event costs and tight budgets, we ask this year that you consider the **sponsorship ranges** below, the starting points for which remain the same as recent years. If you are not able to make the jump to the next sponsorship level, we encourage you to consider an amount that falls within your desired sponsorship range. Any increase will help us continue to Summit. Thank You for considering!

Satellite Summit Add-On Option

The **Satellite Summit** is a one-day intensive workshop providing a deeper dive into critical conversations from the May Summit. The 6th Annual Satellite Summit will be held in October 2026 and hosted by the Muckleshoot Indian Tribe.

Interested in sponsoring *both* great Summit events? We want to make it easy for you! Just select **Satellite Add-On** when completing your Sponsor Form, and your **\$400** Satellite sponsorship will be added to the Summit sponsor level selected. Thank You for the support!
