Welcome to the 2026 Satellite Summit!

Walking the Talk

Thursday, October 22, 2026

8:00 - 8:45 AM Pacific – *In-Person* Registration / Breakfast / Socialize

8:30 - 8:45 AM Pacific – *Virtual* Login & Tech Check / Eppard Vision Welcome
Zoom links: provided to Satellite Summit registrants only

***NOTE:** Should tech limitations prevent us from bringing you "live" to the Satellite Summit as is our intention, we will provide registrants with **access to all session recordings** shortly after the event wraps and the necessary post-production is complete. Thank you for understanding the potential challenges of a hybrid event!*

Registration: Stacey Jones, Jones-N-Jones (offsite)
Jennifer Ferris, HDR & Summit Agenda Planning Committee
Kelsey Maloy, Vivio Arbiter & Eppard Vision Volunteer

Food/Beverage: Paddles Up Café (Muckleshoot Indian Tribe venture)

Information Technology (IT): Darren Jones, Jones-N-Jones (offsite)
Ramfis Swoopes, Moonlight Media

Zoom Host: Mary Rossi, Eppard Vision (event producer) & Summit Agenda Planning Committee

Tech Team: Mark Steinkraus, WA State Dept. of Transportation (WSDOT)
Lizzy Wessells, University of Washington

WELCOME to the 6th Annual and 5th Hybrid Satellite Summit! We invite our in-person Satellite Summiters to kick off their day at the **Muckleshoot Indian Tribe's Health & Wellness Center**. Pick up your registration materials, and enjoy an energizing breakfast while socializing with your hosts from the Muckleshoot Indian Tribe and your fellow practitioners and friends.

We invite our *virtual* Satellite Summiters (and in-person participants who would like to participate in the Zoom world) to log in for some socializing and a Welcome from our event producer, the nonprofit Eppard Vision. We will provide brief tech reminders as each Zoom block begins, including our Top 3 Tips: **Mute** unless you are presenting or asking a question (please use **Raise Hand**); **View button** in the upper right corner of your screen to toggle to your preferred layout; **Captions** are available (choose Subtitle or Full Transcript). We're very glad to "see" you!

Tech Help Resources are posted on both Satellite websites. You may also contact the I.T. team directly as follows (please note this contact info is *only* for October 22):

Morning of October 22 only (8:30 – 10:00am):
Anne Parfitt – 360.774.0892
Starting at 10:15am and through the conclusion of the Satellite Summit:
Lizzy Wessells - 541.729.6599 (text only, please) or egwess@uw.edu
Mary Rossi - 360.920.8908 (text only, please)

Chat Box Monitor: Anne Parfitt, WA State Recreation & Conservation Office (RCO) & Summit Agenda Planning Committee

8:45 - 9:00 AM Pacific Time – Satellite Summit Welcome & Opening
We officially start our day together with a Welcome from our hosts from the Muckleshoot Indian Tribe. The Summit Agenda Planning Committee will also acknowledge our sponsors and participants and provide a brief review of Satellite Summit demographics.

Muckleshoot Indian Tribe Host Committee:
Laura Murphy, Archaeologist
Warren King George, Historian
Kristine Leier, Muckleshoot Collections & Exhibit Manager

Summit Agenda Planning Committee:
Ayla Aymond, WA State Parks
Jennifer Ferris, HDR
Jennifer Horwitz, Whatcom Dispute Resolution
Zoe Irish, WA State DOT
Gretchen Kaehler, Snohomish County
Steve Kinley, Developer
Phil LeTourneau, King Co. Hist. Pres. Prog.
Micca Metz, ESA
Laura Murphy, Muckleshoot Indian Tribe
Anne Parfitt, WA State RCO
Jordan Pickrell, HRA
Mary Rossi, Eppard Vision
Sarah Steinkraus, WA State RCO

Chat Box Monitor: Anne Parfitt, WA State Recreation & Conservation Office (RCO) & Summit Agenda Planning Committee

9:00 - 10:00 AM Pacific Time
Muckleshoot Indian Tribe Archives: An Interactive Look at Community Services and Ethnographic Collections

What's in an Archive? A Preservation Department? How can an Archive benefit the community? Gather for an overview of the Tribe's collection policies and the benefits the Preservation Department offers to Tribal members. Learn about the Tribe's permanent collection, and discuss the Preservation Department's current and future projects, including their long-term goals.

We will also learn about the role of Tribal Historian and the benefits the role provides to Tribal members, including current education projects and goals that will inform future project consultations. We will also gain some background knowledge about the places we will hear about and visit today.

Presenters: Warren King George, Muckleshoot Historian
Kristine Leier, Muckleshoot Collections & Exhibit Manager

Chat Box Monitor: Anne Parfitt, WA State Recreation & Conservation Office (RCO) & Summit Agenda Planning Committee

***Break (10:00 - 10:15 AM)** – Virtual participants, no need to log out during our Breaks, but please remain Muted unless recognized by the Host or Chat Box Monitor.

10:15 - 11:00 AM Pacific Time
The Pussyfoot Creek Project (45KI938)

What's in an archaeological site? How do we learn the lessons it holds? What do those lessons mean to the community? Gather for a description of the Pussyfoot Creek archaeological site (45KI938), the Treatment Plan developed for the site, and the ongoing work to complete the obligations in the Treatment Plan.

We will learn about the ongoing screening of the spoil piles generated by building two houses, thereby setting the stage for today's site visit to the piles!

Presenters: Emily Parker, Psomas
James Parrott, ASM Affiliates

Chat Box Monitor: Anne Parfitt, WA State Recreation & Conservation Office (RCO) & Summit Agenda Planning Committee

***Break & Find Your Field Trip Van* (11:00 - 11:15 AM)** – Virtual participants, no need to log out during our Breaks, but please remain Muted unless recognized by the Host or Chat Box Monitor.

11:15 AM - 12:00 PM Pacific Time
Field Visits & Classroom Demos (with your Cohort)

Let's get moving at Muckleshoot! We will divide up according to Cohort (check your name badge to see if you are an Eagle, Salmon, or Wolf) in order to visit one of the three sites described below. After our lunch break, Cohorts will visit the remaining two sites. Everyone will have the opportunity to visit all three!

So, find your Cohort and then find the Muckleshoot van headed to the site assigned below (the Cohort assigned to Classroom Demos will stay at the Health & Wellness Center). Visits will be quick (45 minutes at each), but they will be enlightening and memorable. Stay safe out there, and enjoy these special opportunities to learn how the Muckleshoot Indian Tribe is "walking the talk" of preservation!

Virtual participants: we intend to take you along to all three sites! Our tech savvy Summit supporter, Jason Cooper of WA State DOT, has again offered to log in to Zoom from the field. Please note that our ability to take you along is dependent on technology, such as the Wi-Fi signal. If we are not able to log in from the field, we will provide alternate activities, and the Classroom Demos will be available throughout. Thank you for your understanding of the tech challenges around our field visits!

Pussyfoot Creek (45KI938) Processing Site
Host: ASM Affiliates
Cohort/Facilitator: Eagle/Phil LeTourneau, King Co. Historic Preservation Program & Summit Agenda Planning Committee

Reynolds Property
Host: Mitchell Courville, Muckleshoot Indian Tribe
Cohort/Facilitator: Salmon/Gretchen Kaehler, Snohomish County

Classroom Demos
Hosts: Warren and Betty King George, Muckleshoot Indian Tribe
ASM Affiliates
Willamette Cultural Resources Associates
Cohort/Facilitator: Wolf/Ayla Aymond, WA State Parks & Summit Agenda Planning Committee

Chat Box Monitor: Summit Tech Team

12:00 - 1:00 PM Pacific Time – Lunch Break (lunch provided)
12:15 - 12:45 PM Pacific Time – Virtual Lunch Break & Optional "Lunch Tables"

Stay tuned about the possibility of a special lunch speaker!

We invite our in-person participants to enjoy a delicious catered lunch courtesy of Paddles Up Café, a Muckleshoot Indian Tribe venture located right in the Health & Wellness Center. **Dietary restrictions** indicated on registration forms will be accommodated; please let the catering crew or a Committee member know your needs.

***Virtual Participants:** We will host a Virtual Lunch Break with both a Main Room for group conversation and, if desired, Breakout Rooms (i.e. "Lunch Tables") for small-group conversation. Please use the second Zoom Meetings link of the day for the Lunch Break. Relax, learn, and have some fun!

1:15 PM - 2:00 PM Pacific Time
Field Visits & Classroom Demos (with your Cohort)

***Virtual Participants**: Please use the third and final Zoom Meetings link for the day for the afternoon sessions. No need to log out over the course of the afternoon.

See the 11:15am session description above for a reminder about how these visits will work. Refreshed Cohort assignments are below. Stay safe and enjoy these special opportunities to learn how the Muckleshoot Indian Tribe is "walking the talk"!

***Break* (2:45 - 3:00 PM)** – Need an afternoon pick-me-up after your fields visits and classroom demos? Paddles Up Café will have us covered!
Virtual participants, no need to log out during our Breaks, but please remain Muted unless recognized by the Host or Chat Box Monitor.

3:00 PM - 4:00 PM Pacific Time
Discussions – Cohort & Plenary

Join your Cohort and then the Satellite group as a whole to reflect on your day. What were your expectations? What did you learn? Was it different from what you expected? What will you take back home? Let's reflect together and turn our learning into action.

Moderators: Ayla Aymond, Washington State Parks
Laura Murphy, Muckleshoot Indian Tribe

Chat Box Monitor: Anne Parfitt, WA State Recreation & Conservation Office (RCO) & Summit Agenda Planning Committee

4:00 - 4:15 PM Pacific Time – SATELLITE SUMMIT CLOSING
What'd We Learn? What's Next? ~~When's the Ferry?~~ How's Traffic on I-5?

In celebration of a 6th Annual & 5th Hybrid Satellite Summit well attended, join in a final moderated discussion to review what we've learned from one another and look towards a more productive, hopeful future, including the 20th Annual Summit next May 26-27.

Thank your hosts, speakers, and sponsors, and please complete your **Evaluation Form** (included in your onsite registration packet and posted online on both Satellite websites). We truly value and consider your input!

Thank you, again, for taking this journey with us! We'll see you at the **20th Annual Summit** hosted with the Suquamish Tribe next May 26-27 and the **7th Annual Satellite Summit** hosted with an agency partner (anticipated) in October 2027 (anticipated)!

Moderator: Laura Murphy, Muckleshoot Indian Tribe & Summit Agenda Planning Committee
